Title	Japanese Religiosity and its Potential Depths as Seen Among Hidden Christians
Author	Shishin MIURA, Chikara AKAGAWA
Affiliation	Osaka city, Nishikyushu University
Abstract	An analysis was performed of the faith of hidden Christians in Japan and Japanese religiosity that this displays, which was studied using conceptual systems relating to developmental and personality disorders as well as concepts relating to groups and individuals. Based on this, an investigation was conducted on perspectives that are associated with a deepening of Japanese religiosity.
