表題	訪問診療を行うクリニックの看護師における置き菓子の効果
著者名	田村馨 1、西尾美登里 2
所属	1 福岡大学商学部 2 日本赤十字九州国際看護大学
英文	
Title	Effectiveness of Placemats in Clinic Nurses Providing Home Visits.
Author	Kaoru Tamura1, Midori Nishio2
Affiliation	1 Fukuoka University of Commerce 2 Japanese Red Cross Kyushu International College of Nursing
Abstract	Placement confectionery in the workplace is highly effective, and product appeal is key. For food manufacturers, the development of sales channels for office use should be a permanent effort, not just because of the COVIT-19. A relationship was found between near product appeal and stress-free effects.
keyword	Effectiveness of Placemats, Clinic Nurses Providing Home Visits.
