Title	Nobuo Ishimori and the 5th Term National Textbook: Reasons for Invitation to the Ministry of Education and Teaching Materials
Author	Hajime UGAJIN
Affiliation	Nishikyushu University, faculty of children's studies
Abstract	<p>The purpose of this study is to clarify how Nobuo Ishimori was involved in the 4th term national textbook. This study analyzed the following two points. First, the background of his involvement in compiling the textbook is analyzed. Second, his making process of teaching materials about Manchuria is analyzed.</p> <p>As a result, this study clarifies that editor of the textbook requested realism in foreign teaching materials at that time. And Ishimori was chosen as one of the writers because of his idea for making the foreign teaching materials. However, his original teaching materials were partly corrected. Expressions of emotions and feelings were deleted. On the other hand, Japanization of language was emphasized in the textbook. It was written from the viewpoint which Manchuria was recognized from main island of Japan.</p>
